

PERFORMING SPARK AND PERFORMING ENERGY WORKSHOP AND AUDITION

Be a part of an exciting opportunity with National Dance Academy! National Dance Academy's competition teams are a great addition to your dance education!

The competition teams were wonderful this year and the results were overwhelming! Our teams strive to learn, perfect, and perform a routine at 3 competitions during the dance year. Although the ultimate goal is to win, competition teams have other great benefits and advantages:

- 1) Creates teamwork between fellow dancers.
- 2) Requires a skill level to grow and heighten.
- 3) Perfect and sharpen a routine.
- 4) Acquire responsibility.
- 5) Build self-confidence
- 6) Able to measure yourself and see how you stack up to others. See what you are lacking. Shows strengths and weaknesses.
- 7) Each individual will carry something helpful away from competition.

With these in mind, competition is not for every dancer. **Attendance and attitude are the most important aspects of being a part of the team.** Absences are only able to be excused by your instructor, not office staff. Please take a strong look at your other commitments before deciding you can meet the commitments of NDA's competition teams. We strongly value our NDA Family and the support we all show one another with positive attitudes, behavior and attendance.

Performing Spark and Energy will meet over the summer /early fall to learn choreography. They will then have their weekly classes to clean and perfect these routines. Groups will be determined by age, dancer's strengths, and our 3 C's listed below. Rehearsal dress code is all black dancewear and hair secured back. Dress code write ups could result in missed competitions/removal from team.

Performing Spark members must be enrolled in at least a regular technique class in Ballet and Jazz and not taking dance at any other dance studio in Blackhawk County.

Performing Energy members must be enrolled in at least a technique class in Ballet and Jazz and one technique class of your choice. They may not be taking dance at any other dance studio in Blackhawk County.

Being a competition dancer requires an extra amount of commitment and time. It is for the dedicated dancer who wishes to push to their highest level. Make sure you are ready to put forth that effort. *Dancers will only be allowed 1 excused absence from company rehearsals per semester. Company required classes will only be allowed 2 excused absences a semester.*

We encourage dancers to keep their training up over the summer. There are several opportunities for continued training at NDA this summer. This is our season for growth and strengthening! Competition families also will receive 25% off in stock purchases as a Dance Shop VID!

Cost for the Performing Spark, Performing Energy and additions are listed on the back of this document.

Additional costs could include: Competition Team Jacket (Required), tights, body leotards, correct shoes, any other accessory deemed necessary.
