Be a part of an exciting opportunity with National Dance Academy!

National Dance Academy's competition teams are a great addition to your dance education!

The competition teams were wonderful this year and the results were overwhelming! Our teams strive to learn, perfect, and perform a routine at **4 competitions** during the dance year. Although the ultimate goal is to win, competition teams have other great benefits and advantages:

- 1) Creates teamwork between fellow dancers.
- 2) Requires a skill level to grow and heighten.
- 3) Perfect and sharpen a routine.
- 4) Acquire responsibility.
- 5) Build self-confidence.
- 6) Able to measure yourself and see how you stack up to others. See what you are lacking. Shows strengths and weaknesses.
- 7) Each individual will carry something helpful away from competition.

With these in mind, competition is not for every dancer. **Attendance and attitude are the most important aspects of being a part of the team.** Absences are only able to be excused by your instructor, not office staff. Please take a strong look at your other commitments before deciding you can meet the commitments of NDA's competition teams. We strongly value our NDA Family and the support we all show one another with positive attitudes, behavior and attendance.

Jr Company and Performing Force will perform 2 routines within their team and one routine with the Performing Company. Performing Company will be composed of a large group of dancers. Within this group each dancer will be placed into 3 routines. A dancer may not wind up doing their pieces with the same people each time. Groups will be determined by age, dancers' strengths, and our 3 C's listed below. This will allow us to group dancers that will be best suited to one another in each individual piece. Each group will meet over the summer for choreography rehearsals. They will then meet during a weekly class to clean and perfect these routines. Rehearsal dress code is all black dancewear and hair secured back. Dress code write ups could result in missed competitions/removal from team.

Jr Company/Performing Company members will be placed into the appropriate level of Premier Ballet and Jazz classes upon placement into the company. Please ensure you are familiar with the Premier class policies. They must also be enrolled in at least 3 other classes and be a STAR student. They may not be enrolled in dance classes at any other dance studio in Blackhawk County. Company members are also required to attend **the Summer Ballet Intensive and at least 8 Summer Technique Classes of their choice.** We will be treating this summer as a season for growth, strengthening and conditioning. Summer hard work will be vital to taking off on the right foot next season! We will also be focusing our summer on injury prevention and attendance will be monitored.

Being a competition dancer requires an extra amount of commitment and time. It is for the dedicated dancer who wishes to push to their highest level. Make sure you are ready to put forth that effort. *Dancers will only be allowed 1 excused absence from company rehearsals per semester. Company required classes will only be allowed 2 excused absences a semester. **This will be strongly monitored and enforced this upcoming season. Dismissals will happen after repeated absences.***

Competition families also will receive 25% off in stock purchases as a Dance Shop VID!
